Subject: RE: Question on pollinators

Marietta,

Thank you for your message today. I apologize I didn't get the invitation to you sooner, but we would appreciate hearing from you by phone if that works best for you and your schedule.

Here are some potential topics some of our members highlighted. Happy to adjust as needed!

- Neonicotinoid Risk Assessment and PID Timelines
- Policy to mitigate the acute risk to bees from pesticide products
- Pollinator Studies
 - DCIs
 - Regulatory decisions
 - Any changes?

Thank you!

Kellie

Subject: Question on pollinators

Hi Marietta,

When you have a moment, would you please give me a call? I left you a voicemail just now but wasn't sure if you were in the office today or not. Thought I would email just in case!

Thanks so much,
Kellie
